

PROGRAM – SATURDAY 17 SEPTEMBER

07:00-17:30 REGISTRATION DESK OPEN – MELBOURNE CONVENTION CENTRE							
08:30-10:30	PLENARY ROOM 1 Chair: Dr Usha Padmanabhan	ROOM 203 Chair: Dr Peter Seal	ROOM 204 Chair: Dr David Elliott	ROOM 210 Chair: Dr Jane Brown	ROOM 211 Chair: A/Prof Reny Segal	ROOMS 205 206 214 215 Small Group Discussions 1 2 3 4	08:30-09:30
	Refresher: Perioperative Medicine	Refresher: Monitoring	Refresher: Surgery in the Abdomen	Obstetric SIG	Airway SIG	SGD 1 Room 205: Ophthalmic anaesthesia and sub-Tenon's blocks Dr David Olive	SGD 3 Room 214: Major haemorrhage management Dr Kwok Ho
	Managing the cardiac patient for non-cardiac surgery Dr Phillipa Hore Understanding the ERAS methods Prof. Mike Scott What surgical complications should the anaesthetist know about? Prof. Olle Ljungqvist Prehabilitation – What is it and how do we implement it? Dr Hilmy Ismail	Using technology to improve quality of care for deteriorating patients Dr Martin Kuper Fluid management and the kidney – benefit or harm? A/Prof. Laurence Weinberg Advances in airway management Dr Keat Lee Neuromuscular block monitoring Dr Paul Stewart	Advance care planning in the perioperative period – the elephant in the room Dr Karen Detering Deep neuromuscular blockade for laparoscopic surgery Prof. Thomas Ledowski Early active rehabilitation Prof. Linda Denehy Perioperative pain management for open abdominal surgery A/Prof. Peter Hebbard	Obstetric anaesthesia – the state of play Remifentanyl PCA – where to now? Dr Sanjay Sharma Obstetric haemorrhage: a haematologist's perspective Dr Helen Savoia Teaching epidurals without the headaches Dr Matt Rucklidge Obstetric SIG AGM	All things airway revisited A/Prof. Reny Segal Airway assessment and decision making Dr Pierre Bradley Cognitive aids and algorithms in airway management Dr Rishi Mehra Use of ultrasound in airway management Dr Nico Terblanche	SGD 2 Room 206: Newer generation LMA use in a morbidly obese population Dr Adrian Sultana	SGD 4 Room 215: Decision making in the perioperative management of pulmonary hypertension in the non-tertiary centre Dr David Gillespie & Dr John Neal
						ROOMS 205 206 214 215 Small Group Discussions 5 6 7 8	09:45-10:45
						SGD 5 Room 205: Preoperative physiological optimisation – overcoming the challenges Dr Grant Brace	SGD 7 Room 214: Anaesthesia for paediatric tonsillectomy (1) Dr Lindy Cass
						SGD 6 Room 206: Overseas aid – service missions and education Dr David Pescod	SGD 8 Room 215: Anaesthetic options for microlaryngoscopy Dr Susan Beath
10:30-11:00 MORNING TEA Served in Exhibition Hall Melbourne 1 & 2							
11:00-13:00	PLENARY ROOM 1 Chair: Michelle Horne	ROOM 203 Chair: Prof Alistair Royse	ROOM 204 Chair: Mark Sandford	ROOM 210 Chair: Dr Crispin Wan	ROOM 211 Chair: Dr Chris Bowden	ROOMS 205 206 214 215 Small Group Discussions 9 10 11 12	11:00-12:00
	Refresher: Perioperative Medicine	Refresher: Perioperative Medicine – Fluid and Blood	Refresher: The Chest	Day Care SIG – Perioperative Medical Surprises in Day Care Anaesthesia	Overseas Development and Education	SGD 9 Room 205: Perioperative diabetes management and insulin pumps Dr Judy Killen	SGD 11 Room 214: Communication skills at caesarean section Dr James Griffiths
	Neuroanaesthesia Update Dr Dean Cowie Paediatric anaesthesia refresher Dr Anna Englin Cancer anaesthesia – update on the impact of anaesthetic agents Prof. Bernhard Riedel Updates in perioperative fluids and analgesia for paediatric surgery Dr Mark Alcock	Pro-Con 1: Dry as the desert or wet as the aquatic centre Pro (Dry): Prof. Mike Scott Con (Wet): Prof. David Story Pro-Con 2: Transfusion trigger 7.0 – should we reconsider? Yes: Prof. David A Scott No: Prof. Alistair Royse	Your patient has severe pulmonary hypertension Dr John Leyden Anaesthesia for pericardial tamponade Dr Shashi Manikappa Anaesthesia for cardiology procedures Dr Chris Ashley Analgesia options following thoracic surgery Dr Desmond McGlade	Recreational drugs and day surgery patients Dr Sanjiv Sawhney Cardiac problems: preoperative and perioperative surprises Dr Brian Cowie Direct Oral Anticoagulants (DOACS) in Day Care Anaesthesia Dr Ken Sleeman Hornabrook Prize Presentations Day Care SIG AGM	Access to safe anaesthesia and surgery in our region Dr Michael Cooper Planning for Pacific anaesthesia Dr Luke Nasedra (Fiji) ASA Timor Leste Fellow – are you up for the challenge? Dr Sam Rigg Solomon Islands surgery and anaesthesia Dr Bata Anigafutu (Solomon Islands) Advocacy for Surgery and Anaesthesia Prof. David Watters	SGD 10 Room 206: ECG refresher Dr Brian Ko	SGD 12 Room 215: Breathing and no tube – a guide to the tubeless technique Dr Andrew Beck
						ROOMS 205 206 214 215 Small Group Discussions 13 14 15 16	12:15-13:15
						SGD 13 Room 205: Neuromuscular blockade management A/Prof. Stephanie Phillips, Dr Paul Stewart	SGD 15 Room 214: ROTEM in obstetrics Dr Julie Lee
						SGD 14 Room 206: Return to anaesthesia practice after a period of leave Dr Kara Allen, Dr Janette Wright	SGD 16 Room 215: Total intravenous anaesthesia Dr Peter Roessler, Dr David Lam
13:00-14:30 LUNCH Served in the Exhibition Hall Melbourne 1 & 2					ODEC - 13:00- 14:30		
13:15-14:15		ROOM 203 Lunchtime Educational Session Prof. Stanton Shernan Sponsored by Life HealthCare			Room 211 ODEC Business Meeting	ROOMS 205 206 214 215 13:30-14:30 Small Group Discussions 17 18 19 20	ROOM 218 14:00-16:30 FUSE TTE and Vascular Access Practice
14:45-15:00	PLENARY ROOM 1 Opening Ceremony Chair: Dr Guy Christie-Taylor, ASA President Welcome: Dr Guy Christie-Taylor, Dr Simon Reilly and Prof. Colin Royse					SGD 17 Room 205: Private hospital medical school teaching A/Prof. Stephanie Phillips	
15:00-16:00	PLENARY ROOM 1 Plenary Chair: Dr Guy Christie-Taylor, ASA President Kester Brown Lectures Can the patient lead the perioperative team? Ms Carolyn Canfield What happened before is now history Dr Kester Brown					SGD 18 Room 206: The limits of day surgery and morbid obesity Dr Adrian Sultana SGD 19 Room 214: Anaesthesia and pre-eclampsia Dr Victoria Eley	
16:00-16:45	PLENARY ROOM 1 Plenary Chair: Dr Guy Christie-Taylor, ASA President Plenary Clinical US from 3D TOE to bedside echo: How is the world changing? Prof. Stanton Shernan					SGD 20 Room 215: Interscalene block for shoulder surgery in the beach-chair position – do we need a GA? Dr Hugh Pearce	
18:00-21:00 ASA Social Evening Australian Centre for the Moving Image (ACMI)							

PROGRAM – SUNDAY 18 SEPTEMBER

07:00-17:30	REGISTRATION DESK OPEN – MELBOURNE CONVENTION CENTRE					
08:30-09:30	PLENARY ROOM 1 Chair: Prof. David A Scott, ANZCA President				ROOMS 206 214 215 09:45-10:45 Small Group Discussions 21 22 23	ROOM 218 08:30-11:00
	Plenary ERAS – a metabolic journey Prof. Olle Ljungqvist				SGD 21 Room 206: Advance care directives in perioperative care Dr Zoe Keon-Cohen	FUSE TTE and Vascular Access Practice
09:30-10:30	PLENARY ROOM 1 Chair: Dr Guy Christie-Taylor, ASA President				SGD 22 Room 214: Anaesthesia and obesity in obstetrics Dr Victoria Eley	
	Plenary Cognitive recovery after surgery - the elephant in the room Prof. Stanton Newman				SGD 23 Room 215: Nerve conduction studies and postoperative management of nerve injuries A/Prof. Lynette Kiers	Equipment available for self-directed practice
10:30-11:00	MORNING TEA Served in the Exhibition Hall Melbourne Rooms 1 & 2					
11:00-13:00	PLENARY ROOM 1 Chair: Dr Simon Reilly	ROOM 203 Chair: Dr Renald Portelli	ROOM 204 Chair: Dr David M Scott	ROOM 210 Chair: Dr Prani Shrivastava	ROOM 211 Chair: Dr Richard Grutzner	ROOMS 206 11:00-13:00 Small Group Discussions 24
	Perioperative Medicine	Clinical Ultrasound: Use of Ultrasound before Anaesthesia	Regional Anaesthesia SIG New Evidence in Regional Anaesthesia	Welfare SIG – Gender Literacy: Where are you in the Conversation?	Gilbert Troup Prize Session	SGD 24 Room 206: How to find your mentor Dr Phuong Pham
	Endovascular aortic aneurysm repair (EVAR) Dr Bryan Lashansky Cancer anaesthesia – an update on the impact of perioperative adjuncts Dr Jonathan Hiller Optimal feeding in the perioperative period for different operations Prof. Olle Ljungqvist Rationale approach to antibiotic prophylaxis and treatment in the perioperative period Dr Andrew MacCormick	Clinical ultrasound as part of the preadmission process Prof. John Faris Clinical ultrasound before induction of anaesthesia Dr Sarvesh Natani Should ultrasound-guided procedures be mandatory? Dr Ajay Kumar Whole body US for the anaesthetist – what can't we image? Dr Yang Yang	Regional anaesthesia blocks for clavicular surgery Prof. Krishna Boddu Pectoralis blocks for breast surgery Dr Gloria Seah Neuraxial Ultrasound – a needed skill? Dr Adrian Chin RA SIG AGM	Gender literacy: what is it and why is it important? Dr Michelle Li, Chelsea Corless, Chalk Circle Where are all the women? Dr Ruth Mitchell Talking to our trainees and colleagues. Staying enlightened in the age of harassment and bullying Mr Bruce Butler, Moray & Agnew	Gilbert Troup Prize	ROOMS 214 215 11:30-12:30 Small Group Discussions 25 26 SGD 25 Room 214: Holding back the tears: treatment and prevention of paediatric perioperative anxiety (1) Dr Anna Englin, Dr Valerie Taylor, Dr James Meyer-Grieve SGD 26 Room 215: General anaesthesia for shoulder surgery in the beach-chair position Dr Steven Dimadis
13:00-14:30	LUNCH Served in the Exhibition Hall Melbourne Rooms 1 & 2					
13:15-14:15	ROOM 207 Lunchtime Educational Session	ROOM 203 Lunchtime Educational Session	ROOM 204 Lunchtime Educational Session	ROOM 210 13:30-14:30		ROOMS 206 214 215 13:15-14:15 Small Group Discussions 27 28 29
	Doctors mental health Mr Nick Arvanitis Sponsored by beyondblue	Managing patients' pain from theatre to home. Dr Gavin Pattullo & Dr Charlotte Johnstone Sponsored by Seqirus	The impact of neuromuscular block management on outcomes for surgery within ERAS pathways Prof. Mike Scott Sponsored by MSD	Chair: Drs Kellie Brick, Liam Twycross (GASACT) Trainee Lunch – Meet the Mighty		SGD 27 Room 206: Incident reporting – the human factors Dr John Williamson, Dr Suzy Cook SGD 28 Room 214: Holding back the tears: treatment and prevention of paediatric perioperative anxiety (2) Dr Anna Englin, Dr Valerie Taylor, Dr James Meyer-Grieve SGD 29 Room 215: Local infiltration analgesia for knee and hip arthroplasty Dr Brian Pezzutti
14:30-16:30	PLENARY ROOM 1 Chair: Dr Roberta Deam	ROOM 203 Chair: Prof. Michael Veltman	ROOM 204 Chair: Dr Chong Tan	ROOM 210 Chair: Drs Kellie Brick, Liam Twycross	ROOM 211 Chair: Prof David Story	ROOMS 206 214 215 14:30-15:30
	Perioperative Medicine	Whole body US after surgery	Acute Pain SIG – Analgesia and Outcomes after Major Abdominal Surgery – More than just Morphine?	(GASACT) Trainee Session	Large Trials in Anaesthesia	Small Group Discussions 30 31 32
	Pro-Con Debate: The anaesthetist must become a perioperative physician Pro: Prof. David A Scott Con: Dr Ross Kerridge Geriatrician involvement in the perioperative management of elderly patients Prof. Andrea Maier Do short-acting anaesthetic drugs enhance recovery? Prof. Friedrich Pühringer	Shortness of breath – cardiac or lungs? Prof. Michael Veltman Bedside detection of DVT and PE Dr Greg Comadira Diagnosis of hypotension after surgery Dr Swaroop Margale Febrile patient – what can we find with US? Dr Darsim Haji	Buprenorphine as the primary opioid analgesic after major abdominal surgery: myths, legends & facts Dr Brad Lawther Continuous TAP and rectus sheath analgesia: do's, don'ts and what works best? A tale of two networks Drs Yen Lim, Bikash Agarwal, Noam Winter Debate: The best is still the best! Epidural analgesia is the gold standard vs could good enough in fact be better? Single dose intrathecal morphine with adjunctive analgesia. Dr Tuong Phan, A/Prof. Laurence Weinberg & Dr Chong Tan	Fluids and goal direction: which direction? A/Prof. Laurence Weinberg Is there a lawyer in the house? Navigating the medico-legal minefield Dr David Daly & Mr Ross Gillies Key papers I learnt for the exam and which changed my practice Dr Arvinder Grover	Major drug clinical trials in non-cardiac surgery Prof. Kate Leslie Quality improvement science – swansong for the randomised controlled trial? Dr Martin Kuper Pharma and regulators: friends or foes? Prof. Guy Ludbrook Major clinical trials in perioperative medicine – and why we need them A/Prof. Philip Peyton	SGD 30 Room 206: Perioperative approach to the patient for noncardiac surgery on antiplatelet therapy Dr Oliver David SGD 31 Room 214: Anaesthesia for paediatric tonsillectomy (2) Dr Lindy Cass SGD 32 Room 215: Anaesthesia for major maxillofacial and shared airway surgery Dr Richard Grutzner
16:30-17:30	PLENARY ROOM 1 - Chair Prof. Colin Royse					
	The Great Debate: Who owns the patient? The doctor, the hospital, the insurer or the patient?			Panel: Prof. Olle Ljungqvist, Ms Carolyn Canfield, Dr Cate Kelly and Mr Stan Goldstein		
1730-19:30	Exhibitor Drinks Exhibition Hall Melbourne Room 1 & 2					

PROGRAM – MONDAY 19 SEPTEMBER

07:00-7:30	REGISTRATION DESK OPEN – MELBOURNE CONVENTION CENTRE				
08:30-09:30	PLENARY ROOM 1 Chair: A/Prof. David M Scott, ASA Vice President				ROOM 218 08:30-16:30
	Geoffrey Kaye Oration Dr Guy Christie-Taylor				FUSE TTE and Vascular Access Practice
09:30-10:30	PLENARY ROOM 1 Chair: Prof Colin Royse				ROOMS 206 214 215 09:45-10:45 Small Group Discussions 33 34 35
	Plenary Ultrasound for everyone - why, when and how to get there Adjunct A/Prof. David Canty				SGD 33 Room 206: Preparing for retirement Dr Jean Allison
10:30-11:00	MORNING TEA Served in Trade Exhibition Melbourne 1 & 2				SGD 34 Room 214: I don't want to go to sleep! Dr Mark Suss
11:00-13:00	PLENARY ROOM 1 Chair: Dr Jenny King	ROOM 203 Chair: Adjunct A/Prof. David Canty	ROOM 204 Chair: Prof Neville Gibbs		SGD 35 Room 215: Integrating evidence into anaesthesia practice Dr John Woodall
	Perioperative Medicine Quality of Recovery	Clinical Ultrasound – Training in Clinical US – how to get there	AIC Editor's Session		ROOMS 206 11:00-13:00 Small Group Discussions 36
	The ERAS philosophy to fluid and pain management Prof. Mike Scott Assessment of quality of recovery Dr Andrea Bowyer Can we influence brain recovery after surgery? Prof. Stanton Newman Patient-led recovery – described, planned and delivered Ms Carolyn Canfield	Getting started in clinical ultrasound Prof. Colin Royse Becoming advanced in clinical ultrasound Prof. John Faris What if I miss something? Dr Kavi Haji Learning how to perform US-guided procedures Adjunct A/Prof. David Canty	Anaesthesia and Intensive Care Jeanette Thirlwell Best Paper Award Presentation Revalidation Dr Guy Christie-Taylor Anaesthetists' participation in clinical research – Call to Arms Prof. Michael Paech Direct observation of procedural skills are they reliable and fair? Dr Sandy Garden		SGD 36 Room 206: ASA Economics Advisory Committee / Professional Issues Advisory Committee Q&A Dr Mark Sinclair Dr Antonio Grossi Dr Renald Portelli
13:00-14:30	LUNCH Served in Exhibition Hall Melbourne 1 & 2				ROOM 211 13:00-14:30
13:15-14:15	Room 206 Chair: Dr Richard Grutzner	Room: 203 Lunchtime Educational Session	ROOM 204 Lunchtime Educational Session	RAG Lunch	ROOM 214 215 13:15-14:15 Small Group Discussions 37 38
	ASA Best Poster Prize Session	Difficult airway management and optimising patient outcomes Prof. Friedrich Pühringer Sponsored by Baxter	Maximising your earnings Anthony Bongiorno Bongiorno & Partners & Bongiorno National Network		SGD 37 Room 214: Anaesthetic adaptations for evolving oesophagectomy techniques Dr Doug McEwan SGD 38 Room 215: Developing leaders of high- performing clinical teams Dr John Woodall
14:30-16:30	PLENARY ROOM 1				
	ASA Research Prize Presentations				
	Australian Society of Anaesthetists Annual General Meeting				
18:30-23:59	ASA Annual Gala Dinner Melbourne Park Function Centre				

Equipment available for self-directed practice

PROGRAM – TUESDAY 20 SEPTEMBER

07:00-17:30	REGISTRATION DESK OPEN – MELBOURNE CONVENTION CENTRE				
08:30-09:30	PLENARY ROOM 1 Chair: Dr Kathryn Hagen Plenary Implementation of an ERAS program Prof. Mike Scott				
09:30-10:30	PLENARY ROOM 1 Chair: Dr Kathryn Hagen Plenary Large scale implementation of surgical quality improvement programs Dr Martin Kuper				
10:30-11:00	MORNING TEA Served in Exhibition Hall Melbourne 1 & 2				ROOM 206 10:45-11:45
11:00-13:00	PLENARY ROOM 1 Chair: Prof. Michael Veltman	ROOM 203 Chair: Dr Andrew Schneider	ROOM 204 Chair: Dr Gregory Deacon	ROOM 205 Chair: Dr Rod Westhorpe	Small Group Discussion 39
	Perioperative Medicine: Pain Management	Perioperative Medicine	Error Reduction Strategies – how you can improve you practice	History SIG	SGD 39 Room 206: Providing effective feedback to trainees Dr Kara Allen
	Does regional analgesia improve recovery? A/Prof. David M Scott	What matters to the patient – and how to find out? Ms Carolyn Canfield	The Bowtie diagram – a concept that incorporates casual analysis and event management Dr Daniel Clarke	Positive events in anaesthesia in a troubled world Dr Kester Brown	ROOM 206 12:00-13:00
	What is the evidence of epidural use for open abdominal surgery? A/Prof. Bernhard Riedel	Peri-arrest: Should we all learn lung US? Adjunct A/Prof. David Canty	Are all human errors also system errors? Prof. Neville Gibbs	The Bird Man from Idaho Dr Andrew Ross	Small Group Discussion 40
Preventing persistent pain following surgery Dr Malcolm Hogg	Diagnostic approach to peri-arrest Dr Lindsay Bridgford	What do you do when the unexpected happens? A/Prof. Kersi Taraporewalla	Anaesthesia remuneration Dr Christine Ball	SGD 40 Room 206: Persuasion – a guide to more effective influence Dr Andrew Ottaway	
How will we manage perioperative pain in 10 years time? Prof. Michael Veltman	Management of arrhythmias Dr Roni Krieser	Show us the evidence! An analysis of the webAIRS data Dr Martin Culwick	Who invented the Schimmelbusch mask? Dr Rod Westhorpe	History SIG AGM	
13:00-14:30	LUNCH Served in Exhibition Hall Melbourne 1 & 2				
14:30-16:30	PLENARY ROOM 1 Chair: A/ Prof. David M Scott Panel Facilitator: Dr Sally Warhaft				
	Question and Answer Forum - Beyond our Borders Please join us for what promises to be a stimulating, challenging and memorable finale to the Congress. A formal Q&A forum will focus on the global refugee crisis, asylum seekers, international welfare, and the Australian Government's immigration and border protection policies. It will be led by a panel of our country's leading experts and eminent social commentators on these issues. Family members of delegates are most welcome to attend. It will be an event not to be missed!			Panel Facilitator Dr Sally Warhaft Panellists: Assoc Prof Munjed Al Muderis Adj Prof Frank Brennan SJ AO Mr David Manne Prof Louise Newman AM	Melbourne broadcaster, anthropologist and writer and the host of the Wheeler Centre's live journalism series, The Fifth Estate Orthopaedic surgeon, prosthetic limb pioneer, and refugee from Iraq, asylum seeker and human rights advocate Law professor, Jesuit Catholic priest, and social justice and human rights advocate Human rights lawyer and migration agent Infant and developmental psychiatrist, refugee advocate, former Royal Australian and New Zealand College of Psychiatrists President
16:30	FAREWELL COMMENTS				

WORKSHOP PROGRAM

SATURDAY 17 SEPTEMBER						
	ROOM 207	ROOM 208	ROOM 209	ROOM 216	ROOM 217	ROOM 218
08:30-10:30		Workshop 1 Careflight Can't intubate, can't oxygenate	Workshop 2 (08:30-11:00) FUSE Vascular Access	Workshop 3 (09:00-10:30) Facilitator: Dr Helen Kolawole Anaphylaxis		Workshop 4 (08:30-11:00) Facilitator: Adjunct A/Prof. David Canty FUSE TTE
11:00-13:00	Workshop 5 Facilitator: Dr Alwin Chuan Regional anaesthesia – upper limb blocks	Workshop 6 Careflight Can't intubate, can't oxygenate		Workshop 7 (11:00-12:30) Facilitator: Dr Helen Kolawole Anaphylaxis	Workshop 8 Facilitator: Prof. Stanton Shernan 3D TOE	Workshop 9 (11:15-13:45) Facilitator: Adjunct A/Prof. David Canty FUSE TTE
SUNDAY 18 SEPTEMBER						
	ROOM 207	ROOM 208	ROOM 209	ROOM 216	ROOM 217	ROOM 218
08:30-10:30	Workshop 10 Facilitator: Dr Alwin Chuan Regional Anaesthesia – lower limb blocks	Workshop 11 Careflight Can't intubate, can't oxygenate			W 28 Facilitators: Dr Candida Marane & Dr Belinda Phillips ALS Workshop ANZCA-Certified ALS Course	
11:00-13:00		Workshop 13 Careflight Can't intubate, can't oxygenate	Workshop 14 Facilitators: Dr Martin Culwick A/Prof. Kersi Taraporewalla Using WebAIRS for Incident Reporting and Analysis	Workshop 15 Mr Timothy Bowen MIGA Exploring the prognosis of misdiagnosis	W 29 Facilitators: Dr Candida Marane & Dr Belinda Phillips ALS Workshop ANZCA-Certified ALS Course	Workshop 12 Facilitator: Adjunct A/Prof. David Canty Lung Ultrasound
14:30-16:30	Workshop 16 Facilitator: Dr Alwin Chuan Regional Anaesthesia - Thoraco-abdominal blocks	Workshop 17 Careflight Can't intubate, can't oxygenate	Workshop 18 Paediatric ALS Facilitators: Drs. Amardeep Nanuan, Balvinder Kaur, Stefan Sabato, Neil Macdonald & Amanda Baric			
MONDAY 19 SEPTEMBER						
	ROOM 207	ROOM 208	ROOM 209	ROOM 217	Offsite Workshop	Offsite Workshops
08:30-10:30	Workshop 25 Facilitator: Prof. John Faris TTE live model Scanning	Workshop 19 Careflight Can't intubate, can't oxygenate	Workshop 20 Careflight THREAT – Part 1	Workshop 23 Facilitators: Drs David Olive, James Koziol & Gabe Snyder Major Haemorrhage	Workshop 21 (8:00-12:00) Facilitators: Dr Thierry Beths Veterinary Anaesthesia at U-Vet Werribee Animal Hospital	
11:00-13:00		Workshop 22 Careflight Can't intubate, can't oxygenate	Workshop 20 Careflight THREAT – Part 2	Workshop 30 Facilitators: Drs David Olive, James Koziol & Gabe Snyder Major Haemorrhage		Workshop 24 Facilitator: Dr Rod Westhorpe Cowlshaw Historical Book Collection at RACS in East Melbourne
14:30-16:30		Workshop 26 Careflight Can't intubate, can't oxygenate				
TUESDAY 20 SEPTEMBER						
	ROOM 203					
08:30-10:30	Workshop 27 Facilitators: Dr Martin Culwick A/Prof. Kersi Taraporewalla Using WebAIRS for incident reporting and analysis
